The important facts that have been brought out by experience are, that seed should be covered as amiormly as possible and that the best depth in average soils is between one-half inch and 1 inch, that drilling saves seed and gives better results than broadcasting; that seed sown very early and left lying on the surface is liable to be killed by the frost, and that early fall seeding can be successfully practiced in many cases.

A New Model Typewriter!

BUY IT NOW!

Yes, the crowning typewriter triumph is here!

It is just out-and comes years before experts expected it. For makers have striven a life-time to attain this-ideal machine. And Oliver has won again, as we scored when we gave the world its first visible writing.

There is truly no other typewriter on earth like this new Oliver "9." Think of touch so light that the tread of a kitten will run the keys!

CAUTION!

The new day advances that come alone on this machine are controlled by Oliver. Even our own previous models-famous in their day-never had the Optional Duplex Shift.

It puts the whole control of 84 letters and characters in the little fingers of the right and left hands. And it lets you write them all with only 28 keys, the least to operate of any standard typewriter made.

Thus writers of all other machines can immediately run the Oliver Number "9" with more speed and greater ease.

WARNING!

This brilliant new Oliver comes at the old-time price. It costs no more than lesser makes-now out-of-date when compared with this discovery. For while the Oliver's splendid new features

are costly—we have equalized the added expense to us by simplifying construction. Resolve right now to see this great achievement before you spend a dollar for any type-

writer. If you are using some other make you will want to see how much more this one does. If you are using an Oliver, it naturally follows

that you want the finest model. 7 CENTS A DAY! Remember this brand-new Oliver "9" is the greatest value ever given in a typewrites. It has all our previous special inventions---visible writing, automatic spacer, 61/2 ounce touch---plus the Op-

tional Duplex Shift, Selective Color Attachment and all these other new-day features. Yet we have decided to sell it to everyone everywhere on our famous payment plan---17 cents a day! Now every user can easily afford to have the world's crack visible writer, with the famous PRINTYPE, that writes like primt, included FREE if desired.

TODAY---Write For Full Details and be among the first to know about this marvel of writing machines. See why typists, employers, and individuals everywhere are flocking to the

Oliver. Just mail a postal at once. No obligation. It's a pleasure for us to tell you about it. THE OLIVER TYPEWRITER CO., Cor. Walnut & 10th Streets, Philadelphia, Pa.

LESSON FOR MARCH 26

REVIEW-THE GREAT MULTI-

READING LESSON-Revelation 7:9-17. GOLDEN TEXT—They shall hunger no more, neither thirst any more; neither shall the sun strike upon them, nor any heat; for the lamb that is in the midst of the throne shall be their shepherd, and shall guide them unto fountains of waters of life; and God shall wipe away all tears from their eyes.—Rev. 7:16, 17.

I. General Information — Omitting lessons 4, 7 and 11, all of the past quarter's work has to do with the early, the apostolic church, covering a period of time from A. D. 30 to perhaps A. D. 37, six or seven years. The chief events are the resurrection of Jesus, the coming of the Holy Spirit, the change in the apostles, particularly Peter, the conversion and baptism of 3,000 believers, fellowskip, and wonders worked among these believers, the beginning of persecution, the selection of seven descons, Stephen's testimony and death, the dispersion of the Christians, the work of Philip, great growth in the early church.

Historically these lessons have to do with the things that Jesus began and, continued to do after his resurrection through the power of the Holy Spirit. It is, therefore, a story of the power of the risen Christ. The prinequally successful in Pennsylvania by cipal characters are of two classes. (1) enforcing rigid inspection of all past The leading workers. Of these are: and future plantings, and by destroy- Feter and John, apostles: the 120 disciples. Barnabas, the seven deacons, particularly Stephen and Philip; the The rust has done such damage Ethiopian eunuch and Gamaliel, who abroad that white pine can no longer gave some friendly assistance. (2). The chief enemies: Those who falsely be used safely for reforesting. To have the same thing happen in Pennaccused the apostles, the rulers of the sylvania would be a serious blow to Jews and the temple, Ananias and the whole forestry movement. The Sapphira, Saul and Simon Magnus.

It is not difficult to paint a word picfor almost all of the Atlantic coast ture of the events of the past quarstates, are based on the use of white ter. This may be done by assigning pine as the principal species. It can to separate pupils such questions as: Where, when and why did the event be transplanted more readily, and of this lesson occur? To another pupil assign the task of telling what he any other eastern tree. The disease thinks the scene looked like, and to attacks all the members of the white still another to name the chief persons mentioned in each lesson. Let these assignments omit lessons 4, 7 The inspection of Pennsylvania's and 11, which do not chronologically plantations will be a large undertakat into the work of this quarter. The remaining pupils should be primed to ing, for, with this spring's planting, supply any omitted facts and to cortect any mistakes.

L.The Coming of Power. Lesson 1. The ascension of Jesus is one that shows us the risen Christ as the giver of the Holy Spirit and he is the All Powerful One who has carried forward the things Jesus "began to do."

Lesson 2. This is very much the same except that it suggests the man side by Samuel G. Dixon, M. D. LL. D.

As the early disciples obeyed, they received. In like manner the Spirit is given today to those that "ask him." Lesson 3 shows. what effect we may anticipate when Following is the report of the Cross Roads School, Bedford Town- we proclaim the fact of the risen ship, for the sixth month ending Christ.

II. The Use of Power. Lesson 5 (omitting No. 4) has to do with the daily walk and work of those who had so recently received this newly bestowed power. Through his servants Jesus, by the power of the Spirit, heals and makes strong the lame man at the temple gate—a case of applied Christianity," the pover of practical social service. As a result of this service Peter and John (Lesson 6) had founded the enemies who thought they with fuel that it doesn't draw well. had conquered Christ at Calvary-the use of power in testimony. The further evidence of how this new power was using men is that given in lesson 8, the Christian Brotherhood at Jerusalem.

III. The Test of Power. Stephen (lesson 10) was one of those who had been separated for the care of the temporal affairs of the early church, yet his testimony and martyrdom easily makes him more famous than most layman in the Christian church.

deacens, Philip, was also so signally used and blessed that his name and deeds are almost as familiar to us as is the work of Stephen.

In the first case this newly bestowed power filled the witness with a calmness and courage that will always remain an inspiration, while in the second illustration Philip so gave bimself to the direction and leadership of the Spirit as to go where he was sent; an hour before breakfast. and when to human judgment his presence was essential to the carrying on of a great revival, he obeyed the new command and left the multitude to deal with a single individual.

Jesus makes no reference to the mass consciousness" and the Holy Spirit's power receives no greater or more far-reaching test than that which had to do with its dealings with the individual soul.

Each teacher should see to it that each scholar shall read these eight chapters several times, if possible, before the review occurs, in order that they may see the quarter's work as a whole, for it is indeed one story: the forth in obedience to his last great and 30. \$2,343.63 Husband and Wife Both Saved From Suffering

I wish to tell you the good results myself and husband received from Dr. Kilmer's Swamp Root. About eleven years ago I had a severe at tack of La Grippe and was confined to my bed about eight weeks under the doctor's care. He pronounced my case kidney trouble and rheumatism and not receiving the results from the doctor's treatment I should have received, I decided to try Swamp Root. After taking several bottles of Swamp Root I was able to get up and attend my work. About a year later my husband was affected with a severe attack of kidney trouble and doctored for some time with the doctors and received no benefit.
Knowing of the good I had received,
he decided to try Swamp Root. His
condition was such that he was confined to his bed and words cannot tell how he suffered, but after taking Swamp Root he was relieved so he could go on with his work without pain. I wish to heartly recommend Swamp Root to all persons afflicted with kidney and bladder troubles and you may publish this letter is you wish.

I wish to tell you the good results myself and husband received from	Claycomb, L. E. Weyant, Pa. Coughenour, D. A. Fossilville, Pa. Everett, Pa. Everett, Pa.
Dr. Kilmer's Swamp Root. About eleven years ago I had a severe at- tack of La Grippe and was confined	Coles, James G., Dr., Hopewell, Pd., College & Whitfield, Hopewell, Pa., Diebl A F. Bedford, Pa.
to my bed about eight weeks under the doctor's care. He pronounced	Diehl, N. M. & O. R., Bedford, Pa. Dull, Jno. R., Bedford, Pa. Davidson Lumber Co. Bedford, Pa.

The March King's stately name is known wherever music holds its own, wherever drums and cymbals throb, and

orchestras hold down their job. A Sousa march—just mention that, and mark how people smile thereat; they know what Sousa's music is; it's melody without the fizz; it's full of energy and pep, and makes old graybeards dance a step; they hear the sound of marching men, of chargers trotting down the glen, the shock of battle and the roar, and billows beating on the shore. And Sousa, when he would compose that music which the whole world knows, fills up his pipe with good old "Tux" (nome fother Dunds, and he says, "Shadim". Mrs Mary A McCallion has just completed quilting a quilt for Mrs. R D. Wisegarver The patch work being Mrs. Wisegarver's mother. (deceased) back in the sixties. The pattern is called the double cucumher star, composed of goods used for dresses in "Ye Olden Times." Notably in the make-up is a sample of the wedding dress of her grandmother, whose wedding took place one hundred years ago. Mrs. Wisegarver will present it to her daughter, Gladys as an heir-loom. If any one has a more ancient quilt just completed, we would like to hear from them.
